DETAILED ACTION

1. This office action is in response to Applicant's amendment filed on 23 June 2006.

Allowable Subject Matter

2. Claims 1-8 are allowed. Claims 1 and 3 are the independent claims.
3. The following is an examiner's statement of reasons for allowance:

The closest prior art of record is U.S. Patent 5,649,714 to Uchida and U.S. Patent 5,028,178 to Ronen, which was applied to the claims in the office action mailed 5 April 2006. Suffice it to say, Uchida and Ronen do not disclose "the internal space being closed on the side bounded by the rear end face of the shaft-like tool except for said one or more passages of the shaft-like tool", and as such do not anticipate the instant invention as disclosed in independent claims 1 and 3.

Furthermore, there is no combinable teaching in the prior art of record that would reasonably motivate one having ordinary skill in the art to so modify the teachings of Uchida or Ronen, and thus, for at least the foregoing reasoning, the prior art of record does not render obvious the present invention as set forth in independent claims 1 and 3.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
